Time

Plan to

and clear on what that will
be like - for maintenance:
of importance once we've
all gone:

• resting ground (salting/snow
clearing).

• what can we start

re opening (Bridan at
opens Bridan St F/B.
we get green light by PU
and the table - making
informed decision.

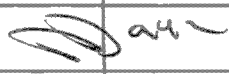

151 E/C Country fencing
152 E/C Country has pretty much
taken care of itself.

152 E/C Custom looking @ making some decision
@ late afternoon more
when we have more info
on what things look like.
maintenance -

re opening of off ramps
while maintenance posture
downstream.

153 Custom E/C messaging portion - keep that
going

time	from	to	Notes
1257	Carson		maintenance phase → continued. Follow running flat zone - ask them what they need and see how that looks w maintenance plan. Static points → strategic placed Wellington - Alder / Ender patrol points → visibility patrol w/out strong policing
	E/C		critical plan we had was the communication plan would like to see that in each plan and how that is built in.
1301	Carson		the restricted zone → presence is prevention. scale up scale down as we need but having uniform w tow option + Pou option available to call up (2 sections)
1303	E/C	Planning Radio	Deployment plan B the 4 phases → needs to have the communication in there.
130430			Done

time	from	to	Notes
1306	E/C		Ideally keep progressing the way we are when do you see fencing down?
1306	Springer		Wednesday.
1306	Carson		Tuesday.
			We have to see how things evolve today.
1309	huc	E/C	We can't let our guard down too fast.
1310			End of meeting.
1312	E/C		Bank of Canada - employees in there and relief coming in how do they come in?
1315			STIRBP:
1321			70 people @ Museum (war) @ STAM.
			30 protesters @ Confed part 2 arrest.
			still have lots of plans for Coventry.
	Crime		Crown review - waiting for them to come back w that soft hat - using POE w TPA or PLT. preferred method from Crown is TPA as we are have agent status

able to get back to business
want to keep bridges hardened
but the inside can be
relaxed - OAT presence in Market
on Bridge Ctr - if something
stops we have tow capabilities
so nothing sits or sets up.
probably end of day tomorrow
opening up off ramps - keep
fencing sparks / Bay and
Hickenzie / Wellington.
heavier Elgin wide open
possibility Elgin / Wellington or Queen
too soon?

Kennedy

ELC

Queen better - hardening in
cruisers (to ~~ELC~~)

ELC

target hardening of core &
OAT'S for anything that
flares up is what we are
left with.

1937.

ELC

that is the plan 4 tomorrow but
will need to keep that position
for the week.

work tomorrow - move foot
print off Catherine → Gladstone
do check points north of Gladstone

27 of 30

(P&T)

Jan

time	from	to	Notes
			would have to increase the #15 of points when on Gladstone.
	E/C		When opens up Tuesday - check points or what? the screening plan we did - just #15
1940	Kennedy		but plan w new maintenance phase - not sent yet -
	Mann		will have enough people and refig the positions.
	Grady		maybe bring screening up to Somerset?
	Springer we		We agree w Grady. Good w Somerset.
	Grady		will lose 7 the static points can still have OPP floaters from 417 / Somerset.
	Mann		will also decrease the screening process.
	E/C		North/South Brandon open.
	E/C		Don't want to shrink this too fast and want to get it up so something happens we can tighten it again fast.

time	from	to		Notes
1952	Kennedy	E/C	showing plan of 66 officers. (including hardening points) 3 shifts 10 hrs/each	
1958	huc		1 cruiser + 2 officers per car. static points 100 members 40 roving teams 80 @PT's 20 security. 24 unv. team 12 PLTs H's from Brad.	
	E/C		How many points to hardened that map? + bridges?	
	huc		30 static points	
	Wetherill		Somerset + incl. static points from Wellington to Somerset @PT resource stamp same 70 officers over 24 hrs..	
	huc.		8 static point @ fencing x 2 = 16. from meeting this morning didn't want to ride - wanted to keep robust posture. - need to start this healthy.	
2004	Kennedy	E/C	didn't know about static points and fence.	

<u>time</u>	<u>from</u>	<u>to</u>		<u>Notes</u>
